

Nicholas Hanson

CONTACT INFORMATION	851 S. Morgan St, Office 1315 Chicago, IL, 60607	nhanso3@uic.edu (417)-860-1407
EDUCATION	University of Illinois Chicago Current PhD student in mathematics (August 2022 -) University of Minnesota, Twin Cities B.S. in Mathematics and Computer Science (August 2018 - May 2022) Graduated from the Honors Program with <i>Summa cum Laude</i> and Distinction	
PRE-PRINTS AND CONTRIBUTIONS	Hanson, N., Shank, N., Armbruster, A., Di, J. (2022). Proportional Component Order Network Connectivity. Communications on Number Theory and Combinatorial Theory, 3 OEIS Sequence A336764, <i>Maximum number of order 3 subsquares in a Latin square of order n.</i>	
RESEARCH EXPERIENCE	2020	Moravian University REU in Computational and Experimental Mathematics Advisor: N. Shank, Moravian University Found extremal bounds for a modified connectivity measure over graphs. Also studied graph representations of finite projective planes and their connection to Latin squares.
	2021–2022	Bachelor's Thesis Advisor: A. Akhmedov, University of Minnesota Investigated the Euler characteristic of a special class of closed and orientable symplectic 4-manifolds.
OTHER EXPERIENCE	2019	Directed Reading Program Read <i>Set Theory</i> by Thomas Jech, covering several chapters. Gave a presentation on ordinals and transfinite induction at a symposium, along with other students in the program.
HONORS AND GRANTS	2020	Mathematics Undergraduate Scholarship <i>University of Minnesota Department of Mathematics</i>
	2018–2022	Gold Scholar Award <i>University of Minnesota</i>
	2018–2022	National Merit Scholar
	2019–2022	Dean's List
OTHER SKILLS	Programming Languages:	$\text{\LaTeX}$, Mathematica, C, Python, OCaml
